## Enhancing California Hospital Administrative Data for Its Use in Quality Assessment

Andrew Bindman, MD

Professor of Medicine, Health Policy, Epidemiology & Biostatistics  
University of California San Francisco

### THE SPEAKER

Professor Bindman is Chief of the Division of General Internal Medicine at UCSF's affiliated San Francisco General Hospital and Director of the UCSF Division of General Internal Medicine's Research Fellowship Program. He has published more than 90 peer-reviewed scientific articles on access to primary medical care, health outcomes associated with barriers to primary care, and the evolving role of primary care physicians and safety net providers in US health care system.

With Dr Kevin Grumbach, Dr Bindman formed the Primary Care Research Center (PCRC) in 1994. The PCRC is composed of a multidisciplinary group of researchers from the Division of General Internal Medicine and the Department of Family and Community Medicine at UCSF. The PCRC research focus includes: access to, organization and financing of, primary care, the effectiveness of primary care in improving health care access and quality, the impact of health policies on primary care, identification and management of high risk populations, chronic care management, and international models of primary care.

### PARKING

Parking is available in the multi-storey carparks adjacent to the Royal Brisbane and Women's (RBWH) and Children's (RCH) Hospitals. The RCH car park is convenient to the venue. (Paid metered parking is also available at \$1.20 per hour on the circular drive of the Mayne Medical School building.)
